IRISH SCIENTISTS AND INVENTORS (TV)

CH4 20 mins age: 8-12

Science is considered in historical context drawing upon pupils' own cultural heritage where appropriate. The programmes will also help children develop their investigation skills in key aspects of science and technology.

TE 1332	Sir Hans Sloane: lime, dulse and doctor	TE 1604	Robert Lloyd Praeger: flowers, ferns and weeds
TE 1418	William Traill: water, wind and wire	TE 1693	John Clarke: tatties, spuds and praties
TE1518	John Boyd Dunlop: boneshaker, air and tyre		

SCIENCE AND TECHNOLOGY IN NORTHERN IRELAND (TV)

CH4 15 mins age: 8-11

A series of programmes used to illustrate scientific concepts. Each broadcast contains two stories set in a variety of contacts and poses a technology challenge at the end.

TJ 1783	Needs for life	TJ 1995	Natural forces
TJ 1823	Melting and shaping	TJ 2063	Built to last
TJ 1894	Changed forever		

SCIENCE IN THE ENVIRONMENT (TV)

CH4 15 mins age: 9-11

Explores ways in which the local area can be used to meet the challenge of upper primary curriculum and to investigate topics of interest to the age group.

TB 0066	Know me, know my place	TB 0471	Tell it to the birds
TB 0044	Greenhouse effects	TB 0553	Noise buster
TB 0228	Whether the weather	TB 0633	Water watch
