A new Regional Multi-Disciplinary Assessment Framework for understanding and meeting the needs of vulnerable children in Northern Ireland is being introduced in all Trusts on 1 April 2007. This assessment framework is known as UNOCINI and will be used by disciplines / agencies to make referrals to Social Services and for subsequent assessment of children's needs.

In preparation for the introduction of UNOCINI, this seminar will provide an opportunity for all staff who provide services to parents and children that may identify and refer children in need, to familiarise themselves with this new multi-disciplinary referral and assessment tool.

Everyone is welcome. **Anyone who attended the previous session on 29 January 2007 in Ballybot House should not attend.**

Please send your nominations to Marion Mallon either by email marian.mallon@selb.org or telephone 028 38341975 by **Thursday 15th March 2007.**
